

SECTION 9: SPIRITUAL GIFTS

We believe that God is sovereign in the bestowment of all His gifts; the gifts of evangelist, pastor, and teachers are sufficient for the perfection of the saints today; and, that speaking in tongues, foretelling of the future and the working of miracles gradually ceased as the New Testament books were completed and their authority became established. This in no way takes away from the power of God, or the working of miracles, which God can and does do, according to His divine will; however, we reject faith healers and tongues for this age.
